Ongoing business: The Board wanted to meet for an update on the Zoning Book. It was mentioned that the Planning Commission needs a defining point in determining the road right of way.

Andy is currently working on the Manufactured Housing Community and the other places where it relates in the book that needs corrections.

It was suggested to correct the Zoning book so that the water and lake have the same rules to allow for more than just a boathouse. The Planning Commission already voted to keep it 50 feet. Refer to Section 3:08 and 3.21.

Self-storage Ordinance needs LC added. As of now, we don't have this from Andy.

In LC and commercial uses, make mention of similar retail uses. Refer to Section 12.01 and 13.01. Ask Andy where to place it in the book.

An area needs to be identified for vendors. It was suggested a permitted use in LC and Commercial as well as an exception for non-profit organizations.

An acre of land needs to be defined in the book and not as lots.

Pie stated she forwarded the 5 ordinance amendments to the Planning Commission to allow them to make changes. Nikki didn't receive the email and Dan wasn't sure.

Pie expected the book to be done by early to mid-summer. She stated she would contact Andy regarding the items discussed tonight and was hoping to stop the miscommunication with Andy. It was suggested to allow a house with acres in the Commercial district behind the building for Mixed use. Dan suggested adding it for non-commercial use as they do in the

Agricultural district with their 2 acres.

Dan made a motion to approve the amendment, supported by Andrew, to rezone from MHC changing it back to the LI district located at 1850 W. 32nd St and to include the map change. All present in favor, motion carries.
